OUR RESPONSIBILITY FOR NATURE AND THE ENVIRONMENT

The Forest Stewardship Council® is an international non-governmental organisation that promotes the environmentally friendly, socially equitable and economically sustainable management of the world's forests. We are committed to complying with the FSC® core labour standards in accordance with the current FSC® standard. Keep an eye out for FSC®-certified products! www.FSC.org
Our licence number: FSC-C152854

The organic label is used to identify products that are produced and processed, imported and traded in accordance with EU legislation on organic farming.
Sales certified by: DE-OKO-006

The independently-controlled Fairtrade label stands for fair trading and the empowerment of small-scale farmers and workers in the producer countries. Fairtrade promotes better working and living conditions as well as environmental and climate protection.

**RAINFOREST
ALLIANCE**

The Rainforest Alliance is an international non-profit organisation working at the crossroads of trade, agriculture and forestry. Our aim is to create a better future for both people and nature in which responsible business practices are a matter of course.
www.rainforest-alliance.org

With its Farming Program, Lindt & Sprüngli campaigns for an improvement in the standard of living of cocoa farmers and the preservation of the environment.
www.farming-program.com

EcoVadis, an independent platform for sustainability ratings, assesses the CSR performance of over 130,000 companies worldwide. The evaluation covers environmental impact, ethics, labour and human rights, as well as sustainable procurement.

PROTECT THE ENVIRONMENT, PRESERVE THE FUTURE

As a company with a long tradition, we see it as our duty to act in a resource-conserving and environmentally friendly manner. In particular, the focus is on the continuous reduction of CO₂ emissions. For example, our company sets great store by the selection of partners. We work with suppliers from Germany and Europe to ensure short delivery distances and to keep CO₂ emissions as low as possible.

Almost all our products are filled at our production and packaging site in Thuringia. We also call on branded products from Germany and Europe for our filling materials.

WITH SOLAR ENERGY INTO AN ENVIRONMENTALLY FRIENDLY FUTURE

We reached a major milestone in the summer of 2024: the commissioning of our photovoltaic system.

With 1,840 modules covering more than 3,000 m², it enables us to generate up to 80 per cent of the energy we need for our production ourselves – through solar power.

GREEN MOBILITY: COMMUTING WITH ELECTRIC CARS AND JOBRAD

We use company-owned electric vehicles to make a contribution to climate protection when travelling to work. We also support our employees with a bike leasing programme from Jobrad. This is not only good for their health, but also protects the climate.

SUPPORT FOR THE CONSERVATION AND RESTORATION OF PEATLANDS

Since January 2025, we have contributed to the preservation and restoration of moorland regions in Baden-Württemberg and Thuringia, the federal German states in which we have sites. Moors store carbon, protect against flooding and provide a habitat for rare species. Their renaturalisation helps to protect the climate, preserve biodiversity and support water regulation. We are convinced by the work of the nature foundation Naturstiftung David in Thuringia and NABU Baden-Württemberg and are delighted to promote their work with our financial contribution totalling around 7,000 euros.

OUR CONTRIBUTION TO CONSERVATION: ANIMAL SPONSORSHIP AT THE WILHELMA

The Wilhelma in Stuttgart, the wildest place in Germany and one of the zoos with the most species anywhere in the world, fights tirelessly for the preservation of our precious biodiversity. It campaigns for environmental education and scientific research – issues that are very close to our heart. For this reason, we took over the sponsorship of the adorable female koala Auburn at the end of 2023. We see our commitment as a long-term cooperation and will therefore continue our support in 2025. We are now taking the next step with the sponsorship of the male okapi Imba. Okapis have something in common with us as a giveaway manufacturer: the outer “shell” – in the case of okapis this is the very special pattern of their fur – makes not only okapis but also our products special and eye-catching highlights that are sure to be remembered. Our social and environmental commitment is not just empty rhetoric, but a fantastically sweet reality.

**ALBERT-
SCHWEITZER-
KINDERDORF**

GIVE A GIFT OF CHOCOLATE AND A PERSPECTIVE FOR THE FUTURE.

We are keen to ensure that children grow up in a safe environment. Thanks to our annual fund-raising campaign over the festive period, we support the Albert Schweitzer Children's Village in Waldenburg and make it possible to provide help where it is urgently needed. For every Classic Wall Advent Calendar you buy, we donate money to the NGO Albert Schweitzer Kinderdörfer und Familienwerke. In 2024, this campaign generated a total of 8,500 euros.

WE EMBRACE INCLUSION.

Social equality and participation are an important aspect of our corporate values. That is why we have already spent many years working with workshops for people with disabilities. For example, we support the Christliche Jugenddorfwerk Deutschland (CJD) in targeting the integration of employees in daily working life. We regularly offer external workplaces at our site so that those involved can share their day-to-day work with our employees. We are grateful and delighted to be able to cooperate with the workshops. Both sides can benefit from this action from an organisational and, more importantly, a social standpoint and together gain valuable experience.

PACK YOUR BRAND PACKAGING IS JUST OUR THING

YOUR PRODUCTS PACKED BY US.

As a reliable co-packing service provider, we are your partner for clever and resource-saving packaging – from the idea to the end product. Our solutions are ideal for:

- ▶ Start-ups – small runs for faster market access
- ▶ New product launches and pilot series
- ▶ Limited small series and seasonal production
- ▶ Marketing campaigns and samplings

Whether for small or large runs: choose packaging from our innovative standard range or develop your customised solution with us. We use our know-how to design, print, process and pack your products directly in-house in our own printing and packaging centre to fulfil your individual wishes.

PACKAGING MEETS FLEXIBLE FILLING

WE'LL TAKE CARE OF IT.

The highest print quality and food-compliant packaging according to specified quality and hygiene guidelines – these are requirements we are happy to fulfil for you too.

LET'S GET STARTED.

In addition to completely individual processing, we also offer machine packing, labelling, repackaging and packaging in a wide variety of types and all from a single source. With lots of experience from the food and promotional products industry.

CUSTOMISED ADVENT CALENDARS AS AN EFFECTIVE MARKETING INSTRUMENT

Whether as a standard or special solution: creative advent calendars with your own products help companies to strengthen brand loyalty, enter new markets and reach additional target groups – and thereby increase sales.

We accompany your project from the idea to the POS.

WE GIVE YOUR PRODUCT THE NECESSARY GLAMOUR

Packaging is not just the shell of a product, but rather the red carpet at the point of sale or in a campaign.

We will take care of everything for you so that you can roll it out quickly and easily and make your audience enthusiastic from the very first glance.

From logistics, through filling, further processing, assembling, packaging, right up to punctual dispatch.

Whether food or non-food, it doesn't matter: your product is our star.

ALL FROM A SINGLE SOURCE. OUR FULL SERVICE FOR YOU.

EXPERIENCE, KNOW-HOW AND THE BEST TECHNOLOGY

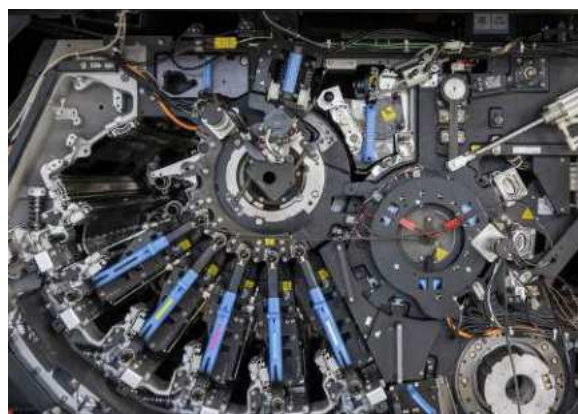

Excellent quality is the result of our many years of experience in printing, innovative packaging development and the filling of paper, foil and can packaging with the relevant products.

In order to find the best possible solution for your product, we have an extensive range of machinery and state-of-the-art technology at our own digital printing and packaging centre. Printing on paper, foils and metal, die-cutting, gluing, further processing, packaging – with us, these are all automated processes.

And if there is no obvious sensible, automated solution, we simply roll up our sleeves and let our hands do the work, because service is our passion.

Digital sheet-fed printing

OUR FULL SERVICE AT A GLANCE

Whether contract packing, filling, assembling, product processing, packing, order finishing or packing service: we offer you a modular concept for individual co-packing. Starting with small quantities – packed in Germany.
You alone decide which of our services you would like to use.

WE'RE LOOKING FORWARD
TO YOUR PROJECT!

INTO THE SPOTLIGHT!

Across our entire product portfolio, we call on high-quality materials and branded products that we make use of in the best possible way. But we shouldn't forget the silent products that turn our giveaways into secret stars, sparkling with quality and responsible manufacturing processes. They make us very proud indeed. To tease these products out of their "quiet corner" and

**Our label stands
for quality and
responsible
manufacturing
processes**

Our "Secret Stars" satisfy important criteria:

- ▶ ***The products are produced for our range***
- ▶ They are produced in fair working conditions
- ▶ Transparent production processes ensure premium quality
- ▶ Production takes place in Europe, preferably in Germany
- ▶ Manageable transport routes reduce CO₂ emissions

Cutting-edge technology, carefully selected packaging and raw materials, regular quality inspections and independent certifications mean that we can offer you top quality with fromsolute certainty. See for yourself with our "Secret Stars"!

give them the stardom they deserve, we have developed our "Secret Stars" label. Products bearing this label do not stand out through well-known brand names, but through the "no name" approach. These products are manufactured for us and thus meet the stringent quality, service and customer satisfaction requirements that we apply to all our products and to our own work.

MINI BARS FOR MAXIMUM PLEASURE

Our **Neapolitans, chocolate squares and designer chocolate** are the true stars in the chocolate firmament. They are made from 30% whole milk chocolate, making them particularly full-bodied and delicately soft. They are produced in line with sustainability requirements, earning these fine bars Fairtrade certification. Thanks to the passionate work of experienced chocolate specialists, we can recommend this product range with a clear conscience. You'll find the products in the chocolate section.

GREASE-PROOF WITH
NO ODOURS LIKE FOIL

ABSORBENT AND
BREATHABLE
LIKE PAPER

NEATLY WRAPPED

All three chocolate products are packaged in **100% recyclable glassine paper**, almost unique on the advertising treats market. Glassine paper is semi-transparent. The material is grease- and splash-proof making it ideal to protect mouthwatering confectionery. The paper is 100% recyclable and can be **disposed of with waste paper**. A clean solution.

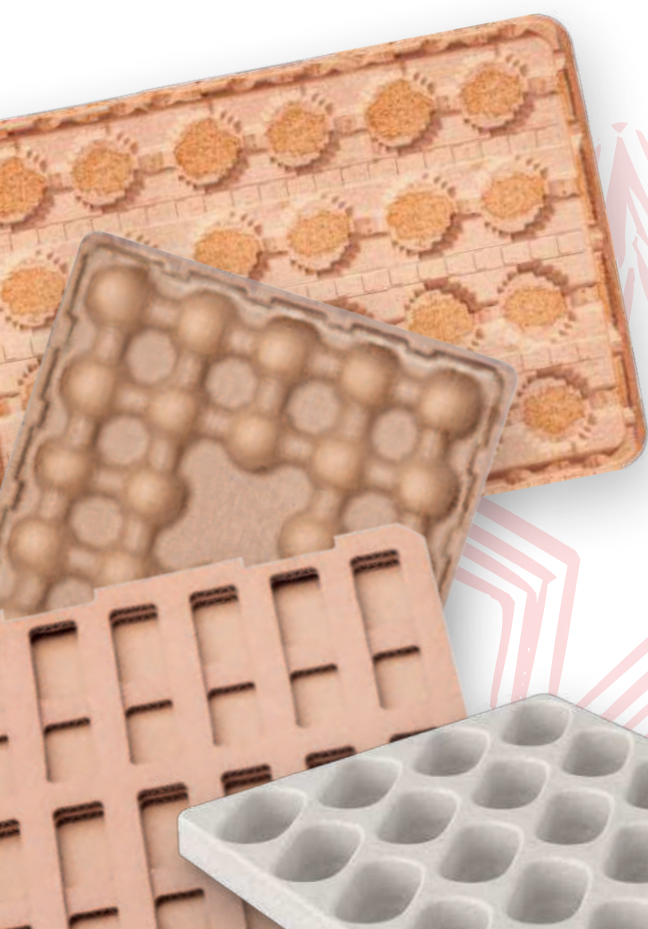

DELICIOUS – MADE IN GERMANY

Our next Secret Star: the delicious **Basic Fruit Jelly Bear**. Quality doesn't always have to cost an arm and a leg. The fruit gum is produced in Germany, thereby avoiding long transport routes. With six fruity varieties – pineapple, lemon, orange, strawberry, raspberry and apple – the basic bears offer a colourful taste explosion. Boasting an attractive price, the Basic Bears are rightly included among our Secret Stars – you're sure to be impressed.

CARDBOARD INLAY: SUPERSTARS FOR CHRISTMAS

Hidden behind 24 little doors, but genuine stars nonetheless – our environmentally friendly cardboard inlays. These are made from 100% paper so that they can be returned to the recycling circuit. They can be disposed of quite simply in the paper bin. The cardboard inlay variants also score highly in terms of environmental friendliness in the manufacturing process: for example, the pressure-formed cardboard inlays require only a fraction of the energy needed to produce their plastic counterparts.

NEWCOMERS 2025

Watch out, foodies and gourmets: the new products are here – and they are wilder, sweeter and more versatile than ever! Be inspired by innovative ideas and irresistible treats all year round:

In spring, sweet treats come to life. Fruity, fresh and full of surprises, our creations are like the first flowers of the season. These sweet temptations promise sunshine on the tongue – perfect for making your marketing ideas blossom.

With its refreshing new products, summer provides cooling in the hot season. Our summery nibbles and ice-cold highlights are like an oasis in the middle of the daily grind. This will make your summer marketing just as radiant as a summer's day by the sea.

When the days get shorter and autumn arrives, things get cosy. This is where our treats come into play – savoury and perfect for brightening up the first chilly days with sweet delights. From creamy chocolate to a hint of spice, everything you need to satisfy the soul.

In winter, it's festive and cosy at the same time. The cold season may be harsh outside, but our winter delicacies will really heat you up. They'll bring your taste buds out of hibernation and provide real moments of pleasure – ideal for atmospheric marketing with a wow effect.

But there's more to it than that! Our new products offer variety beyond confectionery – from scented non-foods such as soaps and shower gels to ready-to-fill solutions: you send us your products and we pack them in our high-quality eye-catching packaging with a customised design.

Get ready for innovations that know no bounds. Be inspired and discover how exciting giveaways can be!

SUITCASE

FOR A GOOD CAUSE

The hand cream makes a donation to Sierra Leone:

Together with its partner 'Action Against Hunger', share provides schools and communities with access to safe sanitary facilities. With every hand cream sold, part of the proceeds goes to 'Action Against Hunger' to enable the construction of latrines. The donation will provide access to a toilet, thus ensuring safety and privacy.

The solid body wash makes a donation to Uganda:

In cooperation with 'Save the Children', share gives people access to improved hygiene care. Part of the proceeds from the care products sold goes to its partner to enable the distribution of hygiene products and the provision of explanatory work and other preventive measures. In this way, local people are supported in their daily hygiene practices.

The solid soap makes a donation to Bangladesh:

Together with its partner 'Welthungerhilfe (WHH)', share gives families, especially girls and women, access to improved hygiene care. Part of the proceeds from the care products sold goes to 'Welthungerhilfe (WHH)' to enable the distribution of hygiene kits and the organisation of workshops and training sessions on health issues.

THE RIGHT QUALITY

FOR EVERY TASTE

Fruit jelly gums are some of the most popular giveaways: they offer creative design options and can be distributed in large quantities thanks to their low contact price. The fruit jelly gum varieties and qualities from which you can choose your favourites are just as varied as the possible uses:

BASIC BEARS

The ideal choice if you want to advertise **cost-effectively** without compromising on quality made in Germany. Look forward to a delicious mix with the Secret Stars.

Flavours: Orange, Lemon, Pineapple, Raspberry, Strawberry and Apple

TROLLI PREMIUM QUALITY

Whether a star, a heart or your own logo: the Trolli premium quality with **10% fruit juice content** is available in many attractive standard shapes and also as special shapes. Four delicious flavours will increase the memorability!

Flavours: Lemon, Orange, Strawberry and Pineapple

TROLLI "EXQUISITE" QUALITY

These fruit jelly bears are characterised by their intense fruit flavour thanks to **30% fruit juice**. The six varieties combine natural flavour with exquisite quality.

Flavours: Orange, Lemon, Peach, Blackcurrant, Strawberry and Cherry

TROLLI VITAMIN FRUIT JELLY GUMS

These popular fruit jelly gums with **fruity pieces** contain the concentrated power of peaches. **Ten vitamins** and the intense flavour will delight every fruit jelly fan.

Flavour: Peach

TROLLI VEGAN BEARS

Thanks to pectin, these bears with **14% fruit juice** content are ideal for anyone who wants to avoid animal ingredients but not the sweet flavour of fruit jelly gums.

Flavours: Orange, Lemon, Pineapple, Blackcurrant, Strawberry and Pear

REGIONAL. NATURAL. YUMMY.

Honey is extremely delicious and a valuable foodstuff, but it gets even better: when you purchase a honey bee product, you are supporting a nearBees bee protection project. As pollinators, the proverbial hard-working producers of the golden-coloured delicacy

ensure flourishing landscapes and high-yielding harvests, as well as the future preservation of the plant and animal world. This appeals to honey fans and the many people who appreciate these small insects with yellow stripes.

SUITCASE

DOING GOOD TOGETHER

GIVE A GIFT OF ADVERTISING, DONATE A MEAL.

The delicious Swiss chocolate from share will not only bring a smile to the faces of those with a sweet tooth: the palm-oil-free chocolate in the fair trade varieties nougat and nut & sea salt also helps, in particular, those in need in poorer regions. The share 1+1 principle means that with every bar of chocolate sold, a meal is donated to someone in need. So with every piece, you're doing good for yourself and others.

RESPECT THAT TASTES GOOD

HOW CAN YOU RESCUE CHOCOLATE?

Production facilities have to be cleaned regularly in order to be able to produce different types of chocolate. This is the only way to ensure that no leftovers from a previous variety get mixed up with the subsequent production. During this changeover, “new” chocolate is pumped through the system until the previous chocolate is completely removed. It is precisely this mass of delicious chocolate that is usually thrown away! However, it is rescued by Rettergut and made into delicious mixed chocolate in climate neutral production. It then comes to you in environmentally friendly packaging.

CORNLY HAFERKRAFT

YOUR ENERGY KICK FOR THE WHOLE DAY

With a high proportion
of wholemeal

The soft cereal bar

Without preservatives &
without colouring

The Haferkraft bar is a delicious snack for in between meals. For hungry chocoholics and health-conscious chocolate lovers: the Cornly Haferkraft bar in cocoa or cocoa zero without added sugar combines filling oat flakes and full-flavoured chocolate. Lovers of caramel will be keen to try the Cornly Haferkraft almond/caramel bar with whole-grain oat flakes, crunchy almonds and creamy caramel. And there is something for cranberry fans too: the Cornly Haferkraft cranberry/pumpkin seed bar with juicy fruity cranberries and crunchy pumpkin seeds with a bite.

TWO THIRST QUENCHERS - ONE MISSION: THE PURE REFRESHMENT

We believe in products that are so pure, perfect and good that no additive in the world could improve them. You will never find sugar, sweeteners or any kind of flavouring in drinks from Ocha- Ocha – but plenty of the good things: just top-quality tea. The only secret ingredient is love. We promise: with Ocha- Ocha you get 100 % “water + plant” and 0 % hot air. Without exception.

Landpark Bio Mineral Water combines naturalness and sustainability in a refreshing way. Obtained from a depth of more than 100 m, the water is gently filled into the deposit-free packaging directly at the organic spring and is more strictly controlled than ordinary drinking water. In the resealable and recyclable packaging made of FSC®-certified cardboard, the low-sodium mineral water is the perfect companion for your everyday life.

CHRISTMAS

CHOVIVA CHOCOLATE REVOLUTION

Discover **ChoViva**, the world's first chocolate-like taste experience made entirely without cocoa beans – instead, it is made from locally grown **sunflower seeds**. An innovative, fermentation-like process creates a melt-

in-the-mouth product that is simply compelling in its appearance, consistency and taste – but is significantly more resource-efficient.

100% natural ingredients

made without any frills or additives such as flavour enhancers and preservatives.

Around 80% fewer CO₂ emissions

thanks to short delivery routes and no rainforest deforestation – protecting biodiversity and habitats.

Up to 94% less water consumption

because our raw materials come from agriculture that uses resource-conserving cultivation methods.

Short supply chain

from the field via the production line to you, instead of halfway around the world: we consciously pay attention to every kilometre.

THE MOST VALUABLE INVENTION SINCE THE CREATION OF CHOCOLATE

The characteristic taste of chocolate is largely created by fermentation and roasting – not just by the cocoa bean alone. This is exactly where ChoViva comes in: a new production process transforms **sunflower seeds** into a complete and tasty alternative.

ChoViva contains sunflower seeds, resource-saving vegetable fats, sugar and milk powder.

This is how tasty responsibility gets. A new deliciousness that makes sense.

ChoViva – the new chocolate treat that makes good things even better.

PRODUCTION PROCESS

1.

It all starts with select natural ingredients: sunflower seeds, sugar and vegetable fats.

2.

First, the sunflower seeds are refined using a process similar to the fermentation principle of traditional beer brewing, and then gently roasted.

3.

In the next step, these ingredients are processed into a concentrated form, developing the typical chocolate character reminiscent of cocoa powder.

4.

The ChoViva concentrate is ground in two stages using select natural ingredients. This basic mixture is conched and rolled until it develops the delicate, fine ChoViva texture. Now, ChoViva is ready to be used like chocolate.

A JOY SHARED IS A JOY DOUBLED:

EVERY ADVENT CALENDAR WITH SHARE CHOCOLATE BARS DONATES A MEAL TO CHILDREN IN NEED.

SCAN YOURSELF IN!

You can find more information about the share chocolate bars here.

Every advent calendar filled with 24 share chocolate bars provides a meal for a small child in Somalia who is suffering from hunger. Take part in the mission and help to fight hunger as you prepare for Christmas. Join in and spread warmth and love at this special time of the year. In this way, you'll not only be bringing joy to yourself and your customers, but also hope and food for people in need.

Available exclusively from us

ADVENT CALENDARS WITH SHARE CHOCOLATE BARS

You will find the melt-in-the-mouth share chocolate bars in lots of different Advent calendars. Do something good with wall or desk calendars in portrait or landscape format, with the Eco High Tower, our calendar tower for display purposes. Or grab your customers' attention with 3D calendars that enable a

360-degree design, e.g. our house or truck advent calendars. In addition to the classics, we also have particularly sustainable advent calendars with cardboard inlays, e.g. our mini bar advent calendar with eco cardboard inlay. Our eco calendars can be disposed of entirely in the waste paper bin.

WITH PAPER INLAY

OUR RESOURCE-SAVING ADVENT CALENDAR FOR
A CONSCIOUS APPROACH TO THE ENVIRONMENT.

Our new calendar inlays are ecological. **They are made from 100% cardboard**, which can be recycled by the consumer. The inlay is easy to dispose of in waste paper and is thus returned to the cycle for reprocessing. In terms of sustainability, a very valuable product in the long term.

CALENDARS CAN
BE DISPOSED OF
ENTIRELY IN THE
WASTE PAPER BIN

WE HAVE FOUR CARDBOARD INLAY MODELS IN OUR RANGE

The four cardboard inlay variants also score points during production. For example, the environmentally friendly pressure-formed cardboard inlays require only a fraction of the energy needed to produce their plastic counterparts. This is possible because the production process does not involve melting or a complex drying process. Disposal is simple and sustainable via the paper bin.

YOUR ADVENT
CALENDARS

PERFECTLY PACKED

Would you like your advent calendars to be sent individually directly to your customers or sent to several recipients in batches? And as simply and resource-efficiently as possible?

Our individual dispatch or distribution service turns sending advent calendars into child's play! Just complete our distribution list with the details of the recipients and send it back to us: we'll do the rest.

To ensure that your advent calendars not only look great, but are also delivered undamaged, we can provide individual boxes in various sizes that are suitable for shipping.

Many of our calendars can be sent inexpensively by post as large or maxi letters (Deutsche Post: Groß and Maxi).

This way, your personalised advent calendars will arrive safely and provide the recipient with lots of joy.

You want to do all that yourself? No problem, just have the individual shipping boxes delivered flat.

There are three ways to benefit from our individual dispatch service:

1.

"Classic" individual dispatch:

1. You give us the recipients' addresses. Your advent calendar will be sent directly to the recipient in an appropriate individual shipping box. You don't need to do anything else.

2.

Individual shipping box pre-assembled:

As a customer, you will receive all advent calendars individually packed in shipping boxes and can send and distribute them yourself with your own labels.

3.

Individual shipping box flat:

The most cost-effective option. You receive your advent calendars and matching individual shipping boxes separately from each other, assemble, fill and dispatch them yourself.

Grass paper is environmentally friendly paper made from grass fibres. It is a resource-saving alternative to conventional paper, as grass grows quickly and requires less water, energy and chemicals to harvest and process than wood. Grass paper has a characteristic, slightly rough texture and a natural, mostly beige colour, which makes it particularly attractive for environmentally friendly packaging and printed products.

The advent calendar – probably the most ingenious way of increasing people's anticipation of Christmas! Every day until 24 December there's a little surprise behind a little door. Originally, the whole thing was a pious affair to make the run-up to Christmas easier to bear, but now the calendars are available in all kinds of variations. Perfect for those with a sweet tooth!

GENERAL INFORMATION

We have put some basic information together for you. Please note that every inquiry naturally has to be dealt with individually as we could not hope to cover every possible case in writing here. Our customer advisers would be happy to advise you and answer any questions you may have by phone. To make sure the advice you get corresponds to your particular inquiry, we require your desired print subject.

Delivery times

Our delivery dates are valid as stated in the order confirmation, in each case within the delivery week/day of delivery. Our delivery times depend on the approval of the printing copies and not on when printing copies were received. We cannot confirm a delivery time without an approval of the printing copies.

In the case of high capacity utilisation, delivery times may be extended (e.g. during the Christmas and Easter seasons)

Perishable foodstuffs

Foodstuffs cannot be exchanged. Please check the goods as soon as you receive them and send us any complaints within 24 hours. We cannot accept any complaints received after this period of time. Once the goods leave our premises, we no longer have any influence on our foodstuffs and thus cannot accept any responsibility or liability either in terms of quality or in terms of the food law.

In warm weather, it might be necessary to deliver some products by cold-storage lorry to guarantee the goods arrive in perfect condition (note: different freight costs).

Corrections

Nothing is printed until you have given us your approval in writing. Making changes to the proof you receive from us does not constitute an approval. You will receive a corrected proof to be checked and approved. Please make sure you check the proof we send you very carefully. If you are at all unsure, give us a call. We would be happy to help you. Your approval is a mandatory part of the order. It has unlimited validity and cannot be revoked. We cannot assume any responsibility for the prints you approve or for errors of any kind which may have been overseen.

If we are in possession of your data 1:1, the proof is created free of charge. We reserve the right to charge a flat rate for changes made to the proof starting with the third corrected proof.

You will be charged for any work carried out by us in preparation for your approval if you subsequently cancel your order. For extra ordered or seasonal goods, we will also have to charge you for these costs.

Order Changes

After receiving the order confirmation, we can only make system-relevant changes requested by you for a fee of 49,- €

Complaints

If you have any complaints, please get in touch with us immediately. We require at least ten per cent of the total order as proof of the fault. Please send the goods back to us as proof in the original packaging. This also applies to any complaints you have about printing. Complaints about the taste and appearance of foodstuffs can only be accepted if you handled and stored the goods correctly.

Example: Foodstuffs must be stored in a dry place and be protected from changes in temperature (warm/cold).

If you have any questions, please do not hesitate to contact one of our customer advisers.

Damage during transport:

All delivered goods, whether on pallets or in the form of parcels, must be checked immediately for any damage (correct securing, wrapping/boxes undamaged). The driver (freight/logistics company) must be made aware of any visible damage and should confirm this damage in writing on the delivery papers. Please note down the exact details of the damage, including photos, and inform us immediately. Claims concerning damage reported at a later date and/or damage not recorded on the delivery papers cannot be claimed retroactively!

Order quantities

For technical reasons, divergence of quantities up to ± 10% is possible. Depending on the category of product, our products are either counted or weighed before they are packed. This can result in different quantities in individual boxes. The final number is checked and logged by us. If there are any irregularities per packing unit, please check the final number.

Notes on packing

When ordering, please take our packing units into consideration. The specified freight costs are approximated, not binding, and cannot be determined precisely until the order has been completed.

Biscuits, cookies, and other baked articles can break during transport.

Colours

Depending on the material and product, colours may deviate.

In the case of multi-coloured printing, a colour-binding proof of the provided data is mandatory.

When using a transparent, coloured, or metallic base, colour reproduction can vary if a white background is not used. We would therefore recommend that you use a white background, if technically possible, which is charged as an additional print colour (not in digital printing). To avoid complaints about colour, please make sure you include a colour-binding proof.

Unchanged reprints can also demonstrate colour deviation. This is for technical reasons and cannot be avoided. Nuances of colour deviation will therefore not be recognised as a complaint.

Product deviations

Please note that the design of included products may differ from the design in the catalogue. Changes made by the manufacturer at short notice cannot be ruled out. Complaints regarding such changes will therefore not be accepted.

Further processing

Variations can occur during processing for technical reasons. This applies, for example, to press cuts and blanks of cardboard packaging. In the case of foil products, there can be a slight shift of the motif during packing. In the case of solid designs, cutting can only be controlled within a certain tolerance. It is therefore possible that colour transitions in the motif are displaced in the cutting area and thus visible as a fine stripe (of the other print colour) at the cutting end of the packing.

In the case of bags, the content text may be concealed in part by the sealed seam.

Tetrahedron packaging:

Due to the packaging, it could happen that the position of the printed image varies on the triangular advertising space.

Sticky wrappers:

Slight blistering may occur and it could happen that the ends of the wrapper may not meet exactly.

Shelf life

The best before date printed on the promotion packaging (1 week tolerance) is based on the delivery date at the time the print is approved. If there are postponements on your part, we will only adjust the best before date at your request and will charge 49,- € for the change. No more changes are possible if the print has already been made.

The best before date can only be guaranteed if the storage is suitable for use with foods. Taking the product specific properties into account, please ensure you store the product in a dry, cool place protected from sunlight. Temperature fluctuations should be avoided, especially with products containing chocolate, as otherwise a bloom of fat (white coating) can form.

Manufacturer's notification on products

In accordance with EU directive 178/2002 for the guarantee of food safety and in compliance with the requirements of the food law, we will be attaching a manufacturer's notification to our products/selling units. For most products, the end customer, dealer, or agency can decide whether he himself as the issuer should be specified on the product packaging or outer packaging or whether the manufacturer should be named. If we are not provided with a manufacturer's notification, we will use our manufacturer. If the end customer explicitly rejects all these specifications, the manufacturer must be released from all claims in writing.

We are obliged to advise you that manufacturer's data must comply with legal specifications. The data are not intended for any promotional purpose.

Declaration

Due to food law regulations in accordance with VO 1169/2001, the declaration must be in the official language of the country in which the goods are distributed. If declared in another language, we can not guarantee the marketability of the goods. The responsibility of marketability in this case passes to the customer.

Distribution list

If the products are to be sent to different shipping addresses, please send us the address data as an EXCEL file with one address component per column (e.g. company1/company2/street/postal code etc.). Just ask for our template. Bills of delivery must be provided in triplicate. Depending on the work involved, additional costs may be incurred.

IMPORTANT INFORMATION

Information on creating printing copies

If possible, match our provided imposition layout 1:1.
Data editing costs will otherwise be incurred.

- Line drawings should have an optimum resolution of 1.200 dpi or be vectorised. Continuous-tone illustrations should have a resolution of 300 dpi.
- When sending files by email, please make sure you use the appropriate program extension (e.g. .indd for InDesign, .ai for Adobe Illustrator, .psd for Photoshop).

Our programs:

- Adobe Illustrator CC
- Photoshop CC
- InDesign CC

Open data:

If your document includes any imported/embedded files (e.g. tif, eps, bmp, or jpeg files), please make sure you save these separately! Please change the fonts into character paths to avoid the loading of any other fonts.
If this is not possible, send us the fonts (only Mac fonts).

Please note the following when supplying data as a PDF:

- Your created data should correspond to our layout template, please do not change it.
- PDF compatible up to PDF/X-4 (Acrobat 1.6)
- No encrypted PDF files (password protection or the like)
- No coloured pattern cells/tile patterns
- No comments, form fields, or the like
- No transfer curves
- Leave layout sketches at "overprint" and you must leave it at our separate special colour with the name "Stand"

Data carriers (if you want to send your data by post):

- Please write your address, file name, logo name, product name, and order number clearly on the data carrier (e.g. CD) and include a printout of the files.
- The printout should include the file name and the name of the printing colour(s) required, e.g. HKS, Pantone.

The fastest way to order:

Just send your data, including the name of the motif, by email to your customer adviser. If the data exceeds 100 MB, we recommend you send us the data via FTP server. If you have any further questions on exchanging data, please do not hesitate to contact your customer adviser.

Depending on high capacity utilization and material availability, the delivery time is usually 10-20 working days after print approval. Delivery time by individual products, large quantities as well as distribution and individual shipping might be different. We will be happy to provide concrete deadlines as part of the offer or your order.

The delivery dates stated in the order confirmation apply in each case.

Printing information

Fine details, small fonts, and trademarks can smear or disappear.
In the case of multi-coloured printing, a colour-binding proof of the provided data is mandatory.

QR CODE and barcode

Please note that we cannot guarantee that QR codes will be legible.

Printing methods:

4-c digital printing: Paper/cardboard, boxes, foils, labels

4-c designs are available at attractive prices even with small quantities. Register differences cannot occur. The colours are always compiled from the 4-c process. Special colours in accordance with HKS or Pantone can only be approximated.

Boxes: Applying a white background to the motif, as is usual with silver boxes in pad printing, is not possible. In these cases, transparent inks are not opaque and therefore often do not achieve the desired colour tone (can look dirty). Please also note that negatively recessed elements will appear in box colours in print. On the other hand, this can result in a very elegant effect thanks to the shining through e.g. of a shiny box.
Slight streaking may be visible with extensive colour designs.

Due to the bled-off round surface structure of the product, there may be a slight distortion of the printed image.

Foils: Some parts of the sealed seams cannot be printed (see imposition layouts)

1-4-colour flexo: Foils

In full-surface printing, register differences are possible to an extent. A fine unprinted line over the foil is a result of the block ends meeting. Colour rubbing on the sealed seam is also possible in full-surface printing. Designs with extensive ink coverage and metallic colours should be varnished to protect them from colour rubbing (counts as an additional print colour).

In printing technology, breaks in the screen cannot be avoided.
The tolerances for this are:
– Flexo printing 3%

Sweets: In full-surface printing, a white edge (each of 1 mm) remains on the side at the end of the wrapper ends. Due to the block ends meeting, a fine white stripe runs across the width of the paper.

Note: Halftone motifs only after a printability check. A colour-binding proof of the data provided is required with multi-colour screen motifs.

1-4-colour offset: Paper, cardboard

An attractive price for larger print runs. Printing of special colours in acc. with HKS and Pantone is possible. Fluorescent inks cannot be used.

1-4-colour pad: Boxes, dispensers

Register differences are possible to an extent. The double printing of individual colours may be necessary for full-surface motifs (counts as an additional print colour in each case). Slight scratches and unevenness may appear due to the material.

In printing technology, breaks in the screen cannot be avoided.
The tolerances for this are:
– Pad printing 15%

Sleeve: A slight distortion is possible on rounded parts.

We alone make the decision on which printing process we use for our products/orders.

The prices are valid from January 1st, 2025 and do not include VAT. Subject to alteration of prices.

The products in the catalogue are not shown true to the original and differ in size, shape and colour from the original.
Printing errors, mistakes and changes are possible. With the publication of this issue, all previous sales documents lose their validity.

The offered Easter and Christmas items are valid for the Easter and Christmas season of 2025. Seasonal article – while stocks last!
